**CONFIDENTIAL**

2 AUG 1982

MEMORANDUM FOR: Director, Office of Medical Services

ATTENTION: Chief, Field Operations Division/Training

25X1 FROM: [REDACTED]

Chairman, Safety and Health Committee, OL

25X1 SUBJECT: Cardiopulmonary Resuscitation Training [REDACTED]

Doctor Ingram:

1. As a major goal in the Safety and Health Program for the Office of Logistics in 1982, I would like to schedule a significant number of our personnel for training in cardiopulmonary resuscitation. [REDACTED]

2. I have talked informally with Nurse [REDACTED] and Medical Technician [REDACTED] regarding this requirement, and as a result of our discussions, I offer the following proposal for your consideration. I can provide the required space [REDACTED] and whatever transportation is necessary for personnel and equipment. The timing would be at your convenience; however, I would hope that the training could be completed during August, September or October 1982. Finally, I request that Nurse [REDACTED] be made available so that training can be provided for up to 24 persons. [REDACTED]

3. It is my belief that Agency employees skilled in cardiopulmonary resuscitation represent an invaluable asset not only to the Agency but also to the individual communities they represent and the public at large. If my request meets with your approval, I will be glad to work out the details with Nurse [REDACTED] or whomever you should choose to designate. Your assistance is sincerely appreciated [REDACTED]
